## What is environmental house cleaning?

Environmental house cleaning is a fast, professional service which specialises in: safe removal and disposal of body waste, needles and bio-hazardous materials cleaning of fire damaged properties and the disposal of all household waste, fridges, freezers and electrical goods in accordance with environmental regulations.

## What is included with the Environmental House Cleaning service?

Each job is assessed individually but typically, it may include:

- Removal of any furniture or other items as identified at time of the initial visit.
- All rooms - wash down walls, doors, skirting and clean inside of windows.
- Main living area- scrub timber surfaces, clean vinyl and concrete floors, steam clean and vacuum carpets, dust ceiling and remove any cobwebs etc., clean switches and sockets.
- Kitchens- clean fridge/ freezer (inside and outside), cookers, kitchen fittings, cupboards/drawers (inside and outside), wipe down tiled/ ceramic surfaces, wash crockery and pots etc.
- Bathrooms- wash WC bowl and cistern, wash hand basin (including pedestal) and any tiled/ ceramic surfaces, clean drainage pipes, mirrors etc.

## What is the charge for the service?

The average cost for a job carried out by two staff members is £61.56 per hour, each property shall be inspected prior to commencement of the job to obtain an accurate quote.

The Valet Service call 0141 353 9047**

## How do I book service?

By phoning Cordia (Services) LLP on **0141 353 9047**. A visit to the property will then be arranged to allow Cordia to assess the resources required to complete the job. An estimate will then be submitted for approval before a start date is agreed. Once an estimate has been accepted, jobs can generally start within 24-48 hours.

(It may be possible to arrange the service for the uplift of needles, blood spillages, body fluids or human waste within a shorter time span).

## When is the service available?

The cleaning and clearing services are available Monday to Friday, 8.30am and 4.30pm.

## What standards are used to deliver the service?

At all times the service complies with the requirements of the Health and Safety at Work Act 1971, the Management of Health and Safety Regulations 1992 and all other applicable legislation and regulations.

Cordia provides their staff with the necessary personal protective equipment to allow them to carry out the tasks required to complete each job.
